STAFF'S NOTICE OF FILING A CLARIFICATION TO THE RECOMMENDED OPINION AND ORDER

The Utilities Division of the Arizona Corporation Commission ("Staff") respectfully requests a clarification of the Recommended Opinion and Order ("ROO") in the Applications of Casa Grande West Water Company, Inc. ("Company") for Approval of Financing and for a Rate Increase.

On December 21, 2009, Casa Grande West Water Company filed with the Arizona Corporation Commission ("Commission") an application for an increase in its permanent rates and charges as well as an application requesting approval of a loan from the Water Infrastructure Financing Authority. On August 24, 2009, Staff filed its Staff Report on the Company's rate application and financing application.

The Staff Report contained analysis and recommendations by Alexander Igwe and Dorothy Hains. Unfortunately, Mr. Igwe's recommendation concerning Service Line and Meter Installation Charges contained a typographical error within Schedule AII-4 pertaining to Rate Design. Page 1 of 2 inaccurately lists \$331.00 for service line charges and \$107.00 for meter installations, for a total of \$438.00; the intended numbers that should have been \$331.00 and \$84.00 for service line and meter installation charges (respectively), for a total of \$415.00. Ms. Hains' testimony (page 11, Table 5) accurately reflected this recommendation.

1 The ROO for the Company's rate and financing applications was issued on November 16,
2 2010. After reviewing page 13 of the ROO, concerning the ordered rate schedule for the Company, it
3 appears that the Judge has adopted the rate schedule contained in Staff Schedule AII-4. Staff would
4 like to take this opportunity to clarify their recommendation. Staff is recommending a service line
5 charge of \$331.00 and a meter installation charge of \$84.00 for a total charge of \$415.00, as is
6 reflected in Table 5, page 11 of Ms. Hains' testimony.

7 Staff respectfully requests this clarification to their recommendation concerning the service
8 line and meter installation charges be taken into consideration.

9 RESPECTFULLY SUBMITTED this 19th day of November, 2010.
