

MAYES PROPOSED AMENDMENT 3

0000120157

TIME/DATE PREPARED: November 19, 2010

COMPANY: Tucson Electric Power

AGENDA ITEM NO. U-33

DOCKET NO. E-01933A-07-0401

OPEN MEETING DATE: Nov. 22, 2010

ORIGINAL

Page 14, Line 17.5 INSERT New Finding of Fact: "The Commission believes that Arizona utilities must ensure that the societal cost test used for measuring and approving energy efficiency programs fully encompasses avoided costs, including certain externalities. Tucson Electric Power should work with stakeholders to develop appropriate metrics and monetize costs for water, Sox, PM10, and Nox emissions savings as part of the societal cost test in future program filings and Energy Efficiency Implementation plans."

Page 16, Line 4.5 INSERT New Ordering Paragraphs: "IT IS FURTHER ORDERED THAT Tucson Electric Power shall work with stakeholders to develop appropriate metrics and monetize costs for water, Sox, PM10, and Nox emissions savings as part of the societal cost test in future program filings and Energy Efficiency Implementation plans."

Make all conforming changes.

Arizona Corporation Commission
