NEWMAN PROPOSED AMENDMENT NO. 6

0000120527

TIME/DATE PREPARED: December 6, 2010

COMPANY: UNS Electric, Inc.

AGENDA ITEM NO. 12

RECEIVED

DOCKET NO(S). E-04204A-10-0265

OPEN MEETING DATE: 12-06-10

2010 DEC -6 A 11:09

Page 15, Line 13 INSERT: The Commission believes a financing mechanism could help the customers of the Company adopt renewable energy in a more timely, broad-based manner. Additionally, financing mechanisms enhance the ability of the Company to meet its REST requirements.

We believe that under such a program, customers of UNS could be given the opportunity to receive loans for the up-front costs associated with installing renewable energy, and could pay off these loans through the savings they achieve on their electric bills created by the renewable energy that has been installed. The financing program could be launched through the REST adjustor mechanism, or through the REST adjustor in combination with a partnership between UNS and a bank, or potentially in partnership with the state Energy Office, and could then be replenished by the loans that are paid off by customers. Given the interest among customers in UNS's service territory in installing renewable energy, and the need to deploy renewable energy as widely as possible to assist as many customers as possible in keeping their bills low, we believe it is in the public interest to require UNS to file, by March 30, 2011, a proposed financing program for Commission consideration. The Company should investigate the possibility of partnering with a bank in addressing how the financing program would be initiated. Additionally, we believe that UNS should craft its proposal for a financing program in conjunction with interested community groups in the Company's service territory."

Page 18, Line 3 INSERT New Ordering Paragraphs: "IT IS FURTHER ORDERED that UNS Electric Inc. shall file for Commission consideration, by March 30, 2011, a proposed renewable energy financing program for renewable energy, and shall work with interested community groups in UNS Electric's service territory in the crafting of the proposal. The proposal shall include a description of the steps UNS Electric, Inc. took to work with local community groups in the formation of the proposal.

IT IS FURTHER ORDERED that UNS Electric Inc. shall seek out participation in the fund by the State Energy Office, and shall investigate the possibility of partnering with a bank in addressing how the financing program will be initiated.

IT IS FURTHER ORDERED that UNS Electric Inc. shall craft its proposal for a renewable energy financing program in conjunction with interested community groups in the Company's service territory."
