Subject: Public Service Company of New Mexico (PNM)  
2011 Arizona Ten-Year Plan Submittal

Dear Director:

On January 1, 2007 Public Service Company of New Mexico merged with Texas New Mexico Power Company (TNMP). The TNMP New Mexico transmission assets and operations are now combined into PNM. This report will contain the information of both entities, which are now known as Public Service Company of New Mexico.

Enclosed for filing is PNM's 2011 Arizona Ten-Year Plan submittal pursuant to Arizona Revised Statutes, Section 40-360.02 relative to power plant and transmission line siting. If there are any questions concerning PNM's filing, please direct them to the undersigned at (505) 241-2388.

Sincerely,

James Butler  
Regulatory Project Manager

**PUBLIC SERVICE COMPANY OF NEW MEXICO**  
(Including Texas New Mexico Power Company)

**TEN-YEAR PLAN**

**2011 TO 2020**

This report is submitted pursuant to Arizona Revised Statutes, Section 40-360.02, relating to power plant and transmission line siting requirements.

PNM presently has no definitive plans to construct new generating plants in Arizona. However, PNM is continually assessing power marketing opportunities and/or projects that may ultimately result in construction of new generation should such opportunities/projects come to fruition. If PNM decides to develop a new power plant in Arizona, or to purchase an interest in a power plant under development in Arizona, PNM will file a timely plan with the Commission to the extent required by subsection B of Section 40-360.02.

PNM presently has no transmission projects to report to the Arizona Corporation Commission.
