Yearly water loss report revised

Enclosed are copies of water loss and water sold for the calendar year 2010. We have repaired (8) major leaks in 2010. Our water loss has been greatly reduced. We have had several leaks that we had trouble determining the amount of water lost.

Our water lines consist of approximately 30 miles of pipe through rural areas and a leak is not always discovered as quickly as we would like. We will continue to monitor our lines as we work towards reaching our goal of 10% or less water loss.

Our total gallons of water pumped for the year is 6,385,500gal and gallons sold is 3,629,264gal. This shows a water loss of app 43%.

If you have any questions regarding this report please call 928-372-2236 or contact us by mail at the address above.

Yours truly,

Susan Haas, Statutory Agent
Eagletail Water Co., LLC
