Subject: Liberty Water increase TOO high

0000123323

Honorable Gary Pierce:

1. Please curb such high increases by Liberty Water to the homes and other customers of Litchfield Park. Originally requesting 120% was a true OUTRAGE, even the 63.8% *all at once or so fast* is quite stiff. It is hard for our little community to embrace such steep increases on an essential utility...but cutback as best we can.

The point is thought, that this is EXTREMELY high and needs to be reduced to something more reasonable. Please help the CONSUMER.

2. Meanwhile our Waste Management fees are set at 42.67% for the new increase. If you can do something about reducing this, please make the attempt.

Pretend these were your bills. You would find it shocking too.
