Original and 13 copies filed with Docket Control this 23rd day of March, 2011.

March 21, 2011

I, Adrienne Troutman, SemStream's Customer Service Supervisor, verify that SemStream Arizona Propane caused to be included a copy of the attached notice in bills mailed to customers on March 15,16,17, and 18, 2011 which dates constituted a complete billing cycle covering all Payson area customers.

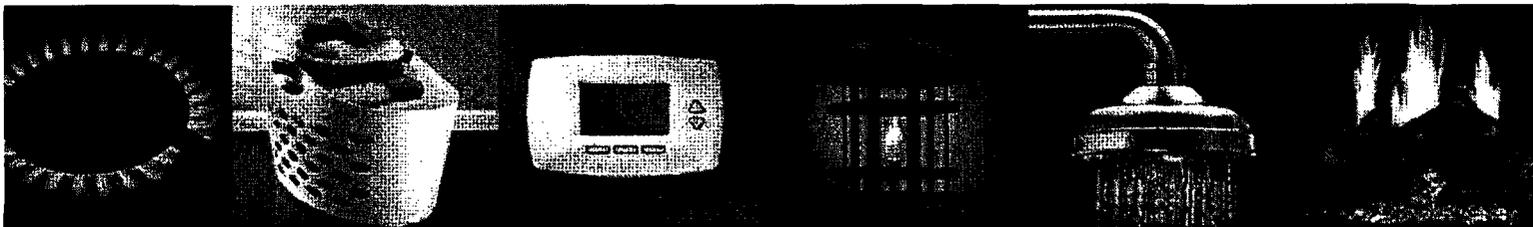

A handwritten signature in cursive script that reads 'Adrienne Troutman'.

NOTICE OF SURCHARGE

DOCKET NO. G-20471A-10-0508

During the March 1st Open Meeting, the Arizona Corporation Commission approved SemStream's request for adjustors to allow SemStream to recover significant unrecovered costs of propane incurred in providing propane to its Payson area customers in recent months. Effective with March 1, 2011 usage, a surcharge of \$0.25 per therm will be in effect. The surcharge will **increase** to \$0.55 per therm effective with May 1, 2011 usage. That **surcharge will remain in effect** until the under-collected propane costs have been recovered. Also, please be advised that propane prices roughly track oil prices. Particularly in light of world events, oil and propane prices may continue to rise over the foreseeable future, which could cause the \$0.55 per therm surcharge to remain in effect for a prolonged period or maybe even increase in the future.

If you have any questions regarding this Notice, please call Adrienne Troutman at SemStream Arizona Propane: 928-474-2294.
