Subject: Proposed CAP Rate Increase for Sulphur Springs Valley Electric Cooperative (SSVEC)

Dear Commissioner Kennedy -

Please do not approve the increase in our CAP rate proposed by your staff. Many of my fellow members members are already struggling to deal with the ongoing effects of the recent financial meltdown of our economy. The rate increase would hurt those who can least afford it. The rate increase will also hurt our schools and Community College, adding to the financial stress imposed by our State Legislature.

Please let me know if you agree or disagree with my position, and why. I have written in similar vein to your fellow Commissioners.

Sincerely,

Ludwig G. Kuttner

Keep the REST Surcharge CAPs in Docket No. E-01575A-10-0308 at the current level as proposed by SSVEC

The economy is already tough enough on small business. Please don't hit us any harder.
