Commissioners Newman, Burns, Pierce, Kennedy and Stump:

I should appreciate learning each of your positions regarding the Commissions decoupling policy, which was discussed and approved your December 14 – 15, 2010 open meeting.

I am not looking for a generalized “we should study the question” nor the commission as a singular body’s answer, but rather an individual response from each Commissioner, or their staff, indicating that commissioners own personal feelings as to the advisability of initiating such a scheme.

I appreciate and thank each commissioner for their timely attention and response to my request.

Sincerely

M. K. Thompson
