Subject: RE: ACC REST proposal

ORIGINAL

Dear Mr. Bohlender:

Thank you for your email regarding SSVEC's application for its 2011 REST Plan. Because this matter is a pending issue, which will appear before the Commission, I will docket your comments and my response.

I appreciate that you have taken the time to express your views. As the company's application winds its way through the ACC process, I will be monitoring its developments.

You might be aware that a procedural conference is scheduled to be held at the ACC's Tucson office on Monday May 2nd, at 9:30am.

As a commissioner, I sit in a 'judicial' capacity when cases appear before me. I review the case's record and take all facts and comments into consideration. Only after a case has been fully presented am I able to make a judgment. Therefore, I have found it important to hear from people like you who hold a position on this issue. By docketing comments from you and other interested parties, all of the Commissioners are afforded the benefit of hearing all sides of an issue.

Once again, thank you for expressing your views on SSVEC's 2011 Rest Plan application.

Sincerely,

Brenda Burns

Brenda Burns
Commissioner
Arizona Corporation Commission

ARIZONA CORPORATION COMMISSION
DOCKET CONTROL

Dear Commissioner Burns,

I am against the ACC REST proposal. It would increase our costs by thousands of dollars per year, only to speed up solar installations by four months. The SSVEC proposal seems good enough, and would save our company much needless expense.

Jeff Bohlender
