Re: Tucson Electric Power Company's Annual Net Metering Report
Docket Nos. RE-00000A-07-0608, Decision No. 60567

Tucson Electric Power Company ("TEP") hereby submits its annual Net Metering Report in compliance with Decision No. 60567 (October 23, 2008) and Arizona Administrative Code R14-2-2308 (A) and (B), which states that:

- A. Prior to May 1 of each year, each Electric Utility shall file a report listing all existing Net Metering Facilities and the inverter power rating or generator rating as of the end of the previous calendar year.
- B. Also included in this report shall be, for each existing Net Metering Facility, the monthly amount of energy delivered to and from the Electric Utility and, if available, the monthly peak demand delivered to and from the Electric Utility.

Attached is TEP's 2010 Net Metering Report in response to A.A.C. R14-2-2308(A) and (B). Because portions of this data are confidential and voluminous, the full and non-redacted report will be filed directly with Arizona Corporation Commission Staff in an electronic format.
