RE: Maricopa and Pima Counties; Ajo Improvement Company, 230 kv
Transmission Line and Substation, Gila Bend to Ajo; AZCC, DOD-AF, and
BLM

Dear Mr. Jankofsky,

Thank you for notifying this office of the public hearing held on January 26, 1998, in connection with the above substation and transmission line. This office has consulted with the Bureau of Land Management and Luke Air Force Base regarding the potential impacts of the proposed construction on significant cultural resources in the area. Together, we have developed a plan to treat those resources in a way that recognizes their value, while permitting the construction to move forward. As a result, this office has no further comments on the impact of the proposed project.

Your cooperation with this office in considering the impact of development and construction on historic preservation is appreciated. Please call me at 542-7137 if you have questions or concerns.

Sincerely,

Carol Heathington
Compliance Specialist
State Historic Preservation Office
