Re: Black Mountain Sewer Corporation
Docket No: SW-02361A-08-0609
De-commissioning The Boulders Waste Water Treatment Plant

Dear Commissioners:

We would like to ask that the Commission order the immediate de-commissioning and removal of the above referenced waste water treatment plant. As all of you are aware, the homeowners at The Boulders have worked tirelessly to have this toxic plant removed from the middle of our community. Years have passed and our efforts have always been blocked by the corporate greed of the resort ownership. Though the resort has been sold several times since we started our effort to remove this plant, the current ownership, Blackstone Hedge Fund of New York, has recently rejected what we thought was a final negotiated resolution to this problem. At this point our only hope is to ask you, the commissioners, to use your authority to ORDER the de-commission of this sewage plant. We recognize that corporate greed and self-interest will not allow a negotiated solution and appreciate your efforts in ridding us of the constant odor and unhealthy situation created by this sewage plant.

Sincerely,

Byron Limbers

Susana Limbers
