DOCKETED BY 

Dear Commissioners,

For the past 21 years we as homeowners have been frustrated with the constant odor from the sewer treatment plant across from our home in the Boulders Resort. We have been trying for all that time to get someone to listen to us and to take our complaints seriously. 21 years is an unacceptable time period to have to deal with the sewer company and government bureaucracy in order to rid ourselves of an antiquated and inefficient treatment plant that fills our neighborhood with sewer gas odors.

We wholeheartedly appeal to you to please close the plant in order to rid us of the noxious smells. No one in this day and age should have to live under such conditions.

Sincerely,

Sally and Terry Denton
