DOCKETED BY

RE: Potential Reinstatement of TEP's Historic Line Extension Tariff
Docket Nos. E-01933A-07-0402, E-01933A-05-0650 and E-00000J-10-0044

Dear Chairman Pierce:

I am a member of Metropolitan Pima Alliance and have been a private development oriented civil engineer in southern Arizona for over thirty years.

I recently became aware of your willingness to reopen this issue for the limited purpose of considering the proposed TEP Line Extension Tariff. I very much appreciate your efforts as I realize that at times the idea of reopening a previously approved case can be daunting.

Over the years, I found that TEP's Line Extension Agreement was fair and that it was equitable to all.

I request that you and the commission reopen the hearing and move forward to reinstate TEP's Line Extension Tariff in an expedient manner.

Your approval of such would benefit the utility, the development community and the rate payers within the entire TEP distribution area.

Thank you.

Sincerely,

ENGINEERING AND ENVIRONMENTAL CONSULTANTS, INC.

William B. Carroll, P.E.
