**RE: Potential Reinstatement of TEP's Historic Line Extension Tariff, Docket
Nos.: E-01933A-07-0402, E-01933A-05-0650, and E-00000J-10-0044**

Dear Chairman Pierce:

As long time members of the Southern Arizona Home Builders Association, and local Tucson Home Builder, I can attest to the importance of reinstating TEP's line extension policies. Everyday, home builders are faced with numerous challenges to their survival, from bad appraisals to foreclosures to a lack of construction loans. The line extension policies are another huge obstacle but it's something that can be fixed.

I urge you to work quickly to change TEP's current line extension policies. Our industry is fighting for survival and we need all the help we can get. The proposed language before you is sound, balanced and a reasonable solution. Please support these policy changes.

Thank you for taking the time to review this letter and consider these important issues.

Sincerely,

Richard Fink
