DOCKETED BY 

RE: Tucson Electric Power ("TEP") -
Reinstatement of Historical Line Extension
Tariff

Dear Chairman Pierce and Members of the Commission:

I appreciate the opportunity to provide comments on the proposed reinstatement of TEP's historical line extension tariff. Approving the return to TEP's historical line extension policies is essential to our future in Southern Arizona. The new line extension tariff of TEP has made it very difficult to make financial sense out of new projects. It has also made the local economy even worse. Returning to the TEP policies in effect until two years ago will help create jobs and economic growth in Southern Arizona.

If you have any questions, please contact me at 520-293-1702.

Sincerely,

Stephen J. Lenihan,
President
