**RE: Potential Reinstatement of TEP's Historic Line Extension Tariff Docket Nos.:  
E-01933A-07-0402, E-01933A-05-0650, and E-00000J-10-0044**

Dear Chairman Pierce:

On behalf of the Alliance of Construction Trades (ACT) and our members, I applaud your action to reinstate TEP's line extension policies. With respect to the questions you've raised in your letter dated June 8<sup>th</sup>, our responses are as follows: 1) we strongly support the proposed revisions being considered; 2) we do not have an alternative proposal; and 3) we do not request an evidentiary hearing on the matter.

The current line extension policies are slowing down development and construction in Southern Arizona. Changing the policies is very important to getting subcontractors in the region back to work.

Thank you for your consideration of this important issue.

Sincerely,

Jim Kuliesh  
Executive Director  
Alliance of Construction Trades
