Subject: APS

I've read in the Arizona Republic recently that APS is pursuing a rate increase. It seems to be a cycle for APS on a regular basis to seek rate increases. One was requested because the parent company needed money. This is unacceptable and I hope you turned them down. Citizens should not be a bank account for businesses that mismanage their business.

I ask that you turn down all request for rate hikes until after 2015, and then, request they show proof that the request is earned.

Sincerely, Helmuth Hack
