Subject: Allied Waste opposed to "Waste-to-Energy" issue

OPEN MEETING AGENDA ITEM

0000126497

Commissioner Burns,

ORIGINAL

I hope you are doing well and enjoying your summer.

On behalf of my client, Allied Waste Services of Phoenix----a Republic Services company, I would like to urge you to oppose an issue that will be before the Commission this week. Allied Waste is opposed to the "waste-to-energy" issue, Item 18 on your agenda tomorrow and Wednesday. This idea has been soundly rejected in the following twelve states, including the highlighted western ones:

- Colorado
- Delaware
- Massachusetts
- Minnesota
- New Hampshire
- New Mexico
- New York
- Oregon
- Rhode Island
- Texas
- Washington
- Wisconsin

Arizona Corporation Commission

DOCKETED

JUN 20 2011

DOCKETED BY 

The air quality implications also are of serious concern. The facilities will still expel emissions and particulate matter into a non-attainment area, if located here in Maricopa County.

I would urge you to oppose this agenda item or at least support the effort to table it for further evaluation as to whether this is good renewable energy policy for the state of Arizona.

Thanks for considering my client's position. Please call me if you have any questions or would like to discuss.
