AZ CORP COMMISSION
DOCKET CONTROL

IN THE MATTER OF THE APPLICATION OF)
DUNCAN VALLEY ELECTRIC)
COOPERATIVE, INC. FOR APPROVAL OF A)
TARIFF FOR SINGLE PHASE TOU SERVICE)
_____)

DOCKET NO. E-01703A-09-0040 _____

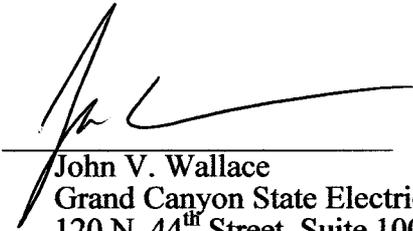

COMPLIANCE

Duncan Valley Electric Cooperative, Inc. ("DVEC"), hereby files with the Arizona Corporation Commission ("Commission") its summary findings and recommendations regarding its pilot Time of Use ("TOU") Tariff for its single phase customers in compliance with Decision No. 71636 dated April 14, 2010. As of the date of this filing, DVEC currently has three customers who are taking service under this tariff despite having provided information regarding its TOU tariff to customers through news letters in bills, articles in its Currents publication and presentations at annual meetings. DVEC has calculated that these customers on average used in approximately of 74 percent of their usage off-peak which resulted in lower bills for these customers. On average, DVEC has calculated that TOU customers have saved 3% on their monthly bills when compared to DVEC's standard single phase tariff. DVEC has attached a worksheet to this filing that illustrates these amounts.

1 As a distribution cooperative, DVEC has not saved purchased power costs from its power
2 supplier, Arizona Electric Power Cooperative, Inc. ("AEPCO") due to the fact that DVEC does
3 not pay for its purchased power costs on a TOU basis. To the extent that DVEC's TOU
4 customers used off-peak power and AEPCO did not have to purchase or generate more expensive
5 power on-peak, this would result in savings for all of AEPCO's customers. DVEC is not able to
6 estimate these savings because AEPCO data is unavailable.
7

8 Based on the savings that DVEC TOU customers experienced, DVEC recommends that
9 its TOU rate be made permanent until this rate can be re-evaluated in its next rate case.
10

11 RESPECTFULLY SUBMITTED this 22nd day of June, 2011.
