UTILITY COMPLAINT FORM

I am writing because again another utility Co is asking for a raise. First we are asked to do things to our house so we can cut down on consumption and then when we spend additional money to try and cut our consumption the utility companies need more money because we are not using enough (gas).

I am a single woman living on S.S. and have not been give a cost of living raise in over (2) years. We have been told the cost of living has not gone up that is the reason for no increase yet every time I go to the grocery store, I find I am spending more and more money on the same groceries, The electric co. requested a raise and the water got a raise and now the gas company want more money.

I am asking that you look and what the utilities want and respectfully decline there request on the grounds that they are being unreasonable. They are asking for LOST REVENUES ATTRIBUTABLE TO DECLINING SALES DO TO CONSERVATION AND ENERGY EFFICIENCY PROGRAMS.

Now I ask you, Is this Fare?

What if the groceries starting charging everyone \$5.00 on there bill just because people started cutting down on buying food. And this charge is because they were loosing revenues due to declining sales.

Or you had to pay a surge charge on your hair cuts because you didn't get a hair cut every 6 weeks, saying it is because we are loosing revenues to declining sales.

Just as unfair as what SOUTHWEST GAS is asking for.

Thank you for reading,
Nancy Laska
