Dear Sirs:

I understand that Southwest Gas is applying for an increase that would raise the average monthly winter residential utility bill of \$58.10 by \$9.01, a 15.5% increase and the monthly summer bill of \$24.01 up \$2.54, a 10.55% increase. We residents of Sun City don't have gas utilities in our homes and condos, but it will greatly affect our RCSC's operating expenses and will increase our annual property assessment for Sun City.

Southwest Gas is also requesting approval of an Energy Efficiency Enabling Provision that will allow Southwest Gas to collect from its ratepayers, lost revenues from declining sales because of conservation and energy efficiency programs. Decoupling means the actual utility revenues would track the company's projected revenue and should not increase or decrease with changes in sales to guarantee revenue to the utility company regardless of usage. I urge you to vote no against the rate increase and decoupling issues of Docket #G-01551A-10-0458. Thank you for your kind consideration in this matter.

Sincerely yours,
Norma Bruscato
