Commissioners:

Regarding APS's request for yet another rate hike – this is unbelievable! Are they even remotely aware of the state of Arizona's economy, the joblessness, the inability of many people to pay even the most basic home expenses? They have raised their base rate FOUR times since 2006 & now they want more?

I am a senior citizen living in Prescott which, unfortunately, has a higher than average cost of living. I still work, but barely keep up with the cost of utilities, insurance, etc.. I am so disgusted with these utility companies I have put my house on the market and will be leaving Arizona ASAP for another state where greed is less prevalent.

I'm in the healthcare field, and work with many people who are on Medicaid who can barely afford to live. This needs to stop. The people of Arizona are asking you to think of them, not the billion dollar corporation, and give us a break!

Karen Buss
