RE: Proposed Public Comment Meetings in the Arizona-American Water Company's Rate Case; Docket No. W-01303A-10-0448.

Dear Colleagues:

I believe our holding public comment meetings would benefit the customers of Arizona-American Water Company. These meetings would be conducted in locations convenient for the customers. I would propose that we discuss potential meetings at the following locations:

- Surprise, AZ, to accommodate customers of Agua Fria Water District.
- Bullhead City, AZ, to accommodate customers of Havasu Water District and Mohave Water District.

The Company has requested a significant increase, which has elicited a large number of complaints and letters of concern or opposition. In order to provide the maximum possible opportunity for comment, I propose that the public comment meetings be held by the Commission as soon as possible. My hope is that these sessions will provide an informational forum for customers to express their concerns to the full Commission and assist us in our deliberations on this matter.

I look forward to discussing these proposed Commission public comment meetings at an upcoming Staff Meeting.

Sincerely yours,

Bob Stump
Commissioner

Arizona Corporation Commission
