Re: Mohave Electric Cooperative, Inc. (E-01750A-10-0453) – Application for Approval of a Waste-To-Energy Facility as a Pilot Program under the Renewable Energy Rules or, in the Alternative, for a Limited Waiver

Dear Colleagues, Stakeholders and Interested Persons:

I am writing to ask staff and other knowledgeable persons to talk about the history of the REST rules at the Mohave Electric Coop trash burner hearing. I understand that when the rules were drafted -- over many months and even years --that trash was specifically excluded as 'renewable.'

I also understand that 12 states have rejected counting trash as 'renewable' energy.

Thank you.
