The sewer increase is outrageous! It will be a hardship on our retirement income, especially in our terrible economic times. We are a family of two. When we moved into this community 6 years ago, the sewer rate was double+ the cost of our previous home in Scottsdale, Az. We do have documentation of the rate, the homes were approximately both the same size.

Most of our water usage goes to the watering demands of the HOA Specs for landscaping of privately owned lots/trees, scrubs, lawns. No pool on our property.

Our in house usage is for two people only, yet we pay for sewer rate on every drop of water supplied to our lot.

Something is definitely out of reason on the rating of usage. Please explain in publication. Thank You,

Judith & David Linton
