Re: Tucson Electric Power Company's Request for an Extension of Time
Docket No. E-01933A-10-0213, Decision No. 71856

Pursuant to Decision No. 71856 (September 1, 2010), Tucson Electric Power Company ("TEP") is required to conduct a Request for Proposal ("RFP") for at least 50 Megawatts of wind power from an in-state wind generator, and file the results with the Commission for its review and consideration as part of TEP's 2012 REST Implementation Plan. Tucson Electric Power Company hereby requests additional time to develop the RFP process between TEP and the independent observer, Accion Group, Inc. TEP requests that it have until September 15, 2011 to file the results of its RFP which will allow TEP to have a new RFP website fully operational. Arizona Corporation Commission Staff does not object to this request.

Please feel free to contact me with any questions.

Sincerely,

David Couture
