AZ CORP COMMISSION  
DOCKET CONTROL

IN THE MATTER OF THE APPLICATION OF  
GLOBAL WATER – PICACHO COVE UTILITIES  
COMPANY FOR AN EXTENSION OF ITS  
EXISTING CERTIFICATE OF CONVENIENCE  
AND NECESSITY.

Docket No. SW-20494A-09-0016

Docket No. W-20495A-09-0016

IN THE MATTER OF THE APPLICATION OF  
GLOBAL WATER – PICACHO COVE WATER  
COMPANY FOR AN EXTENSION OF ITS  
EXISTING CERTIFICATE OF CONVENIENCE  
AND NECESSITY.

**MOTION FOR  
EXTENSION OF TIME**

Global Water – Picacho Cove Water Company and Global Water – Picacho Cove Utilities Company (collectively, “Global Utilities”) request a two-year extension of time for the compliance requirements of Decision No. 71238 (Aug. 6, 2009). Decision No. 71238 granted a CC&N extension subject to the several conditions, including the following conditions, each of which is due within two years of the effective date of the decision:

- (1) Approval to Construct. File “copies of the Approval to Construct for Phase 1 of the development when it is received by Global Water – Picacho Cove Water Company, but no later than two (2) years after the effective date of this Decision.”
- (2) DAWS or PAD. File “a copy of the Arizona Department of Water Resources Designation of Assured Water Supply or Physical Availability Demonstration for the extension area described in Exhibit A, when it is received, but no later than two (2) years after the effective date of this Decision.”

1 (3) WRF General Permit. File "copies of the General Permits for Phase I of the  
2 construction for the wastewater facilities, when it is received, but no later than two  
3 (2) years after the effective date of this Decision."

4 (4) Aquifer Protection Permit. File "a copy of the Aquifer Protection Permit, within  
5 two (2) years after the effective date of this Decision."

6 Due to the well-known downturn in the housing market, especially in Pinal County, development  
7 in this area has not gone forward on the original timetable. In addition, prior to Global's recent  
8 rate case<sup>1</sup>, Global undertook a vigorous program of cost-cutting, in an effort to reduce cash outlays  
9 as well as to limit the size of the rate increase. Because development in this area has not begun, it  
10 was not prudent for the Global Utilities to make the sizable expenditures needed to obtain the  
11 permits listed as (1) to (4) above. Rather, the public interest is served by avoiding such expenses  
12 which are not needed at this time. Accordingly, the Global Utilities request a two-year extension  
13 of time to obtain the permits listed in (1) to (4) above. This is the first extension of time requested  
14 in this docket.

15 RESPECTFULLY SUBMITTED this 14<sup>th</sup> day of July 2011.
