Docket No.: G-01551A-10-0458
Re: Rate Increase and Decoupling

Ladies and Gentlemen:

The proposed rate increase by Southwest Gas Corp. would increase my winter rate by 15.5% and my summer rate by 10.55%. This increase would greatly effect my household budget. It would also increase the Recreation Centers of Sun City's operating expenses, thereby increasing my annual property assessments.

The Energy Efficiency Enabling Provision would allow Southwest Gas Corp to collect lost money attributed to declining sales due to conservation and efficiency programs. This is a subsidy to guarantee the Company revenues regardless of usage. It seems incredible that with all the government's and private industry's efforts spent in urging conservation, the people of Sun City are going to be charged a subsidy anyway.

ARIZONA CORPORATION COMMISSION
UTILITY COMPLAINT FORM

I strongly urge you to reject the proposed rate increases and decoupling.

Yours truly,

Robert G Post
