Re: Utility Name: Southwest Gas Corporation
Docket Numbers: G-01551A-10-0458

We are opposed to Southwest Gas' proposed increases in rates and also the "Energy Efficiency Enabling Provision" that is being sought. (This proposition will increase water rates; in some cases drastically.

These proposed rate increase will greatly affect the residents of Sun City many whom are already struggling with increased costs and often diminished income during the current economic downturn.

The Recreation Commission of Sun City's operating expenses would also be greatly affected and therefore necessitate yet another increase in the annual fees for Sun City residents.

Please consider these facts keeping in mind that many Sun City residents are retirees on a fixed income. The number of empty homes in the area already is indeed heartbreaking.

Sincerely,

Paul and Janice DeGagne
