IN THE MATTER OF THE APPLICATION OF SBC
LONG DISTANCE, LLC TO DISCONTINUE THE
PROVISION OF LOCAL EXCHANGE DATA
SERVICES FOR BUSINESS CUSTOMERS IN
ARIZONA

Docket No. T-03346A-11-_____

APPLICATION

GALLAGHER & KENNEDY, P.A.
2575 E. CAMELBACK ROAD
PHOENIX, ARIZONA 85016-9225
(602) 530-8000

Pursuant to A.A.C. R14-2-1107, SBC Long Distance, LLC (d/b/a AT&T Long Distance and SBC Long Distance) ("SBCLD") files this Application to discontinue the provision of local exchange business data service in Arizona on October 31, 2011.

As discussed in prior filings, this Application is the final phase of SBCLD's plan to discontinue all local exchange services of SBCLD. As authorized by Decision Nos. 69885 and 69886 dated August 28, 2007 and Decision No. 70479 dated September 3, 2008, SBCLD has discontinued (1) the provision of local exchange service to residential customers in Arizona; (2) the provision of local exchange service for business customers in the Tucson area; and (3) the provision of local exchange voice and private line services for business customers in the rest of the State. SBCLD, however, has continued to use its CLEC Certificate of Convenience and Necessity ("CCN") to provide tariffed packet data services in order to phase out service to two longer-term contract customers. That phase-out has been completed.

Therefore, by this Application, SBCLD seeks Commission approval to discontinue all competitive local exchange service to business customers in Arizona and to relinquish its CCN.

1 Additionally, SBCLD requests cancellation of its associated local exchange and access tariffs.
2 SBCLD no longer has any customers and, thus, no customers need to be notified of the service
3 discontinuance. Any customers needing local exchange business data service will have access to
4 multiple alternative providers including Qwest; AT&T Communications of the Mountain States,
5 Inc.; TCG Phoenix; other competitive local exchange carriers (“CLECs”); and wireless
6 providers. SBCLD, however, will continue to offer intrastate and interstate long distance voice
7 and data services to Arizona customers.

8 In support of its Application, SBCLD states as follows:

9 1. SBCLD is certificated as a CLEC. It is authorized to provide business local
10 exchange service throughout the State of Arizona.¹ SBC Telecom, Inc. and SBC Long Distance
11 reorganized in 2005 and the surviving entity is SBCLD.²

12 2. SBCLD had provided local exchange data services to its business customers in
13 Arizona through resale and by using UNE loops acquired from Qwest, as well as facilities owned
14 by SBCLD. Some time ago, SBCLD reached the conclusion that continued provision of this
15 service was not cost effective and it began a national phase-out of the service.

VERIFICATION OF RICHARD T. HOWELL

STATE OF TEXAS)
) ss.
COUNTY OF DALLAS)

I, Richard T. Howell, being duly sworn, state that I am the Area Manager-Regulatory Relations representing SBC Long Distance, LLC d/b/a AT&T Long Distance and d/b/a SBC Long Distance ("SBCLD"). I have responsibility for oversight and management of the various regulatory activities of SBCLD throughout the United States, including Arizona. I hereby affirm the following:

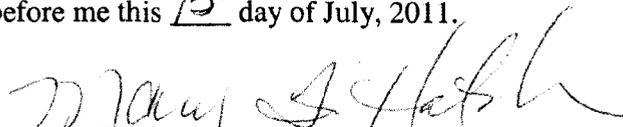

- (1) SBC Long Distance is currently authorized to provide local exchange business data services in the State of Arizona. It is also authorized to provide intrastate and interstate long distance services to Arizona customers.

- (2) No letters regarding the proposed discontinuance of local exchange business data services were sent out, because there are currently no customers of these services in Arizona.
- (3) The business customers who formerly subscribed to local exchange data service by SBCLD were provided service using dedicated circuits obtained from the incumbent local exchange carrier ("ILEC"). In SBCLD's absence from the marketplace, if any new customers are seeking local exchange data service, there are numerous alternative providers from which they can choose (e.g., ILEC, CLECs and wireless providers).

DATED: July 15, 2011.
