RE: Johnson Utilities Company Amended Petition to Amend Decision 71854, Docket No. WS-02987A-08-0180

Dear Colleagues and Parties to the Docket:

The Commission will consider Johnson Utilities Company's Amended Petition to Amend Decision 71854 at the Commission's Open Meeting on August 11, 2011.

The Company's requests to modify Decision 71854 have potential rate impacts. I believe it would be helpful to have the parties' analysis of these potential rate impacts before the Commission considers the Company's amended Petition. Because the Commission has a range of possible determinations from granting all, some or none of the Company's requests, it would be most helpful if the parties' analysis treated each proposed modification as a discrete amendment. I am requesting that the parties docket their analysis either separately, or jointly, by August 9, 2011.

It would also be helpful if the parties docketed by August 9, 2011 any proposed amendments they support for the convenience of the Commission when it considers this matter. These proposed amendments should likewise be provided as discrete amendments to Decision 71854. If a party wishes to provide language that combines one or more of the discrete amendments that it seeks, it may also provide that additional language.

Thank you for your timely responses to this request.

Sincerely,

Chairman Gary Pierce

Arizona Corporation Commission
