OPPOSED RATES INCREASE  
Reference: Johnson Utilities Company

We appeal to the Commission to NOT Amend Decision No. 71854. Though it appears the water rate won't change radically the Waste Water Rate will increase dramatically! We as Johnson Utility customers are being held hostage now and in the past since Johnson Utilities is the only provider of service in our area. It's difficult enough in these times for all of us will falling values in our homes, pension, healthcare and general living cost. We can't take anymore. Johnson Utilities needs to learn not to spend so freely and be willing to pull less profit. We do not buy they are losing money!
