Nature of Complaint:

These are my comments re W-01303A-11-0101:

Basically this is another attempt to pass the Arizona-American Water Company around from one mega corporation to another. Why should any corporate entity that is supposed to be operating in the public interest be granted a waiver to rules designed to insure the public's interest is protected?

The Commission's job isn't to facilitate the earning of fees by yet another wall street investment bank as they broker yet another "deal". It's to hold these quasi-public entities' feet to the fire to insure they fulfill their legal and moral obligations to the public that purportedly serve in return for monopoly profits.
