Re: APS Rate Increase

Mr. Newman;

I would like to address an issue with you about the APS rate increases next year. APS says they will raise the rates to residents due to shortage of money to buy new equipment.

If APS is so low on money then how are they affording commercials involving Suns player Steve Nash and the 2 actors in that commercial and all the commercial costs? They don't need to have Steve Nash for a commercial. Also Aps does not service the entire area, so, that commercial is a large waste of money. I think it's wrong to make us pay higher rates so they can afford new equipment because they used that money to pay Steve Nash!

APS should have used that extra money for that new equipment and NOT waste it on Steve Nash! We as Aps customers are paying Steve Nash's salary and new equipment and that is insulting and down right bullshit!!

You would have the money and not have to seek it from customers if you would stop paying Steve Nash millions for that stupid commercial.

It is wrong to spend money frivolously and expect the customers to pay for it.

Christine Schenk
