Commissioner Gary Pierce  
1200 W. Washington - 2nd Floor  
Phoenix, AZ 85007

Dear Commissioner Pierce,

APS and Southwest Gas together are asking for your approval to raise average residence utility costs more than \$140 a year.

Please do not approve the APS and Southwest Gas requests.

Now is not the time for an average residence to have utility costs increased more than \$140 a year.

Thousands of Arizonans are out of work.

There have been no Social Security COLA increases for two years.

The costs of food and gasoline are way up.

Many Arizonans are struggling to make ends meet.

Now is not the time to raise our combined gas and electric rates for an average residence over \$140 a year.

I'm counting on you, as an elected Commissioner.

Please vote NO on the requests to raise rates more than \$140 a year.

Thank you.

Sincerely,

Mrs. Mamie Calvert

Mr. Gary Pierce,

As Chair of the Corporation Commission, I ask you to be diligent in investigating the requested rate hikes from SWG and APS. If you do feel that a hike is warranted, please give them only what is absolutely needed. Also, please do not under any circumstances allow the Decoupling proposal to pass. Thank you for all of you hard work on behalf of the citizens of Arizona.

I am unemployed for the last year and half, I cant afford to pay what Iam paying now, let alone an increase, it is unthinkable to have us pay and pay for increases we cant afford! I tried to put my name at the bottom, but it wouldnt let me, Mary Hieke, 3619 W Wagoner Rd., Glendale, Az 85308

While these companies are already making profits for its shareholders greed takes over and they want to increase those profits at the expense of a very weak economy and customer base.
