**BEFORE THE ARIZONA CORPORATION COMMISSION**

8 IN THE MATTER OF THE APPLICATION  
 9 OF ENTRADA DEL ORO SEWER  
 10 COMPANY FOR AN EXTENSION OF ITS  
 11 CERTIFICATE OF CONVENIENCE AND  
 12 NECESSITY FOR WASTEWATER  
 13 SERVICES

DOCKET NO. SW-04316A-06-0382

**MOTION FOR EXTENSION OF  
TIME TO COMPLY WITH  
DECISION NO. 69412**

12 Entrada del Oro Sewer Company ("EDO") hereby files this Motion for Extension  
 13 of Time to Comply with Decision 69412 (April 16, 2007)("Order") in the above-  
 14 captioned matter. In its Order, the Arizona Corporation Commission approved EDO's  
 15 request to extend its certificate of convenience and necessity ("CC&N") to include a 550  
 16 lot residential subdivision being developed by Ranch 160, LLC. As a condition of  
 17 approval, EDO was to file copies of the Approvals to Construct (ATC) for a new lift  
 18 station and main to be used in providing service to the extended area by June 30, 2009.

19 Unfortunately, a motion for extension of time to comply with Decision No. 69412  
 20 was never filed before the June 30, 2009. However, based on communications with the  
 21 developer it is EDO's understanding that the developer still wishes to be served by EDO.  
 22 Attached hereto as Exhibit 1 is a letter from Ward Bell, Managing Member of Ranch 160,  
 23 LLC, stating that the company wishes to remain included in EDO's CC&N, but that plans  
 24 to move forward with ATC requests have been delayed by the real estate market.

25 As a result, EDO respectfully requests that the time for filing the ATCs required by  
 26 Decision No. 69412 be extended to June 30, 2015.

Avondale, Arizona 85392

Re: Ranch 160

Mr. Carlson,

As you know, Entrada Del Oro Sewer Company was granted an extension of its CC&N in 2007 to include the Ranch 160 project. Substantial work was done to design an on-site lift station and an off-site sewer line to connect Ranch 160 to the location of the Entrada Del Oro Sewer treatment facility. This included engineering plans and the procurement of an easement from the State Land Department.

The Ranch 160 project desires to remain included within the Entrada Del Oro Sewer Company CC&N. This is critical for the future development of the project.

Plans to move forward with our request for an Approval to Construct have been delayed by the real estate market.

We are closely monitoring the real estate market and would hope to begin construction within the next 3 to 5 years. Our engineering plans for the lift station and off-site sewer line are complete and ready to submit to ADEQ. We have conveyed the easement for the sewer line to Entrada Del Oro Sewer Company.

Please let us know if you require any additional information.

Sincerely,

Ward Bell  
Managing Member, Ranch 160 LLC
