6.1 Message Telecommunications Service (MTS) (Continued)

6.1.5 Choice Monthly Minimum

Choice Monthly Minimum is a direct dialed long distance offer designed for business customers that has a monthly minimum dollar commitment. This service is provisioned in conjunction with the interstate Choice Monthly Minimum service under which the Company provides interstate long distance calling.

This service is an add-on to the interstate Choice Monthly Minimum service that includes a monthly minimum dollar commitment. The Choice Monthly Minimum service is only available on an intrastate basis when the customer has subscribed to the interstate Choice Monthly Minimum service. All other terms, conditions and customer eligibility under this service are specified in the Business Schedule No. 2.

The monthly minimum dollar commitment set forth below will apply for this intrastate plan. This charge is identical to, and shall not be in addition to, any monthly minimum dollar commitment applicable to the corollary interstate Choice Monthly Minimum for long distance calling. If the customer's invoiced usage charges are less than the required minimum monthly usage commitment, the customer will be billed and required to pay a short fall charge equal to the difference between the monthly commitment and the actual amount billed. Dial-1 and International Direct Dialed usage will contribute to the monthly minimum*.

Calls are measured and billed for an initial period of 30 seconds and timed in 6-second increments for usage over 30 seconds. The call rating is rounded to the nearest full cent. Rate quotes are provided in 60 second increments. If the computed charge for a call includes a fraction of a cent, the fraction is rounded up to the whole cent (e.g., \$1.244 is rounded up to \$1.25).

This plan includes an option to add toll free (inbound calling) service. The toll free service is only available upon purchase of the Choice Monthly Minimum service. Toll free service has a monthly charge for each toll free number. The toll free usage and monthly charge do not contribute to the monthly minimum dollar commitment.

6.1.6 Easy Rate

Easy Rate is a direct dialed long distance offer designed for business customers that make higher volume long distance calls.

This service is provisioned in conjunction with the interstate Easy Rate service under which the Company provides interstate long distance calling.

This service is an add-on to the interstate Easy Rate. The Easy Rate service is only available on an intrastate basis when the customer has subscribed to the interstate Easy Rate service. The monthly charge set forth below will apply for this intrastate plan. This charge is identical to, and shall not be in addition to, any monthly charge applicable to the corollary interstate Easy Rate service for long distance calling.

Calls are measured and billed for an initial period of 18 seconds and timed in 6-second increments for usage over 18 seconds. The call rating is rounded to the nearest full cent with a minimum \$0.01 charge for usage. Rate quotes are provided in 60 second increments.

If during the month the minute of use block is exceeded, the overage per minute rate will apply to the overage minutes.

This plan includes an option to add toll free (inbound calling) service. The toll free service has a monthly charge for each toll free number.

If an international plan is not selected by the customer then the International Basic Service rates apply.

Contributory usage charges are aggregated across monthly charges excluding the monthly charge for each toll free number, block overage usage charges (which includes Dial-1 and toll free), and International Direct Dialed are included in order for the customer to meet the minimum commitment level.
