STF 1.3

Pursuant to Arizona Administration Code ("A.A.C.") R14-2-801 through 805 of the Public Utility Holding Companies and Affiliated Interests Rules and based on Value-Added's 2010 Arizona jurisdictional revenues, Value-Added is considered a Class A utility. Therefore, this Application is subject to the above specified Rules. Please provide responses to the eleven items specified in A.A.C. R14-2-803(A).

**RESPONSE: Value Added and GTL do not believe that Value Added is a Class A Utility; therefore, Commission approval is not required for the transfer of control, nor subject to A.A.C. R14-2-803(A) and Affiliated Interest Rules.**

**A recent Commission Order stated that COPTs (both Value Added and GTL are COPTs) were not subject to the Affiliate Rules (see Para. 7 in link below).**
