Dear Director Barfield.

We strongly oppose the rate increase of 84 percent asked for by Arizona-American Water.. Az-Am made a decision to build the water treatment plant knowing that the construction boom stopped in 2008, that they were depending on to support the water sales for the west valley..

In Surprise and other communities in the west valley were going to be supplied with only 11 percent of the supply from the new plant. Now Az-Am wants us to be responsible for the cost of the plant. Another thing, they want the rate increase to go on for ever without a stop date when they have been repaid for the cost of construction.

We were doing just fine with ground water supply and did not need water from Arizona Central Project. Also we paid a hook up fee once and don't need to pay it again.
