Kate Maracas  
Vice President, Arizona Operations  
Abengoa Solar Inc.

Phoenix, Arizona 85048

Dear Kate:

Thank you for sending the Paloma Irrigation & Drainage District (PIDD) a copy of Arizona Solar One's ("ASO") application to amend its Certificate of Environmental Compatibility ("CEC"). We understand that ASO wants to add a second set of conductors to the Gen-Tie transmission structures and to use H-frame structures to span the Town of Gila Bend's wastewater treatment pond and to cross underneath the existing APS 230kV transmission line. PIDD has no objections to these changes and continues to support the development of the Solana solar generating facility.

PIDD also grants permission for ASO to file this letter with the Arizona Corporation Commission as part of its CEC amendment docket.

Sincerely,

John Utz,  
District Manager, Paloma Irrigation & Drainage District

**Re: Approval for Changes to the Solana Transmission Line, Docket No. L-00000GG-08-0408-00140**

Dear Kate:

Thank you for sending the Sierra Club's Grand Canyon (Arizona) Chapter a copy of Arizona Solar One's ("ASO") application to amend its Certificate of Environmental Compatibility ("CEC"). We understand that ASO wants to add a second set of conductors to the Gen-Tie transmission structures and to use H-frame structures to span the Town of Gila Bend's wastewater treatment pond and to cross underneath the existing APS 230kV transmission line. We have reviewed the application and understand the proposed changes and do not see any significant issues with the proposal. The Sierra Club has no objections to these changes and continues to support the development of the Solana solar generating facility.

The Sierra Club also grants permission for ASO to file this letter with the Arizona Corporation Commission as part of its CEC amendment docket.

Thank you again for contacting us and providing us the opportunity to review these changes.

Sincerely,

Sandy Bahr  
Chapter Director  
Sierra Club Grand Canyon Chapter
