PART ONE

STATEMENT OF RATES AND CHARGES—WATER DIVISION

E. Central Arizona Groundwater Replenishment District Adjustor Charge.

1. CAGR D Adjustor Mechanism. In Decision No. 71854 dated August 24, 2010, the Arizona Corporation Commission authorized the Company to implement a Central Arizona Groundwater Replenishment District ("CAGR D") adjustor mechanism to recover the annual tax assessments imposed upon the Company by the CAGR D as a result of the Company's membership in the CAGR D. Accordingly, in addition to all other applicable rates and charges in this tariff, each customer shall pay a monthly CAGR D adjustor charge per thousand gallons of water delivered, as set forth below, effective for all water service rendered in all water service areas for all classes of service on and after June 1, 2010, in accordance with all conditions set forth in Decision No. 71854. The CAGR D adjustor fee shall be calculated as follows: The total CAGR D fees for the most current year in the Phoenix Active Management Area ("Phoenix AMA") shall be divided by the gallons sold in that year to determine a CAGR D fee per 1,000 gallons delivered to customers in the Phoenix AMA. Similarly, the total CAGR D fees for the most current year in the Pinal Active Management Area ("Pinal AMA") shall be divided by the gallons sold in that year to determine a CAGR D fee per 1,000 gallons delivered to customers in the Pinal AMA. By August 25th of each year, the Company shall submit for Commission consideration its proposed CAGR D adjustor fees for the Phoenix AMA and the Pinal AMA, along with the calculations and documentation from the relevant state agencies to support the data used in the calculations. The Commission-approved CAGR D fees shall become effective on October 1 and shall remain in effect until the next CAGR D fee is calculated and approved. To prevent over or under recovery of CAGR D assessments, an annual true-up shall be performed at the time the Company submits its proposed CAGR D adjustor to the Commission. Any over or under recovery of CAGR D fees shall be included in the next year's computation.

2. CAGR D Adjustor Fees. A CAGR D adjustor fee shall be applicable to each thousand gallons of water sold, as follows:

<u>AMA Where Customer Resides:</u>	<u>Rate Per Thousand Gallons of Water Delivered:</u>
Phoenix AMA	\$0.840
Pinal AMA	\$0.210

Issued: August 25, 2011
