*****OPPOSED RATES & DECONSOLIDATION*****

Ladies & Gentlemen. As a resident of Corte Bella I do not agree with the deconsolidation of Anthem and Agua Fria, it should be retained as one district. My wife and I have resided in our current residence since its inception in 2003. There are no other residents in our home. We do not have a swimming pool, water feature and do not wash our vehicle at home. Our water bill on average when we moved into our home was approximately \$83.00 a month, it currently averages over \$120.00 a month for just the two of us. We are on a fixed income and find it impossible to meet the excessive increases that are being proposed which not only impacts the "value" of our home since it will be much more difficult to sell even during these hard economic times. It will also cause an increase in our HOA fees since they will be impacted as well. We cannot turn off our landscape irrigation system because all the plants, shrubs and trees will die and then we will be in violation of our HOA regulations. In all of my 76 years, living all over the world, this water district has been the most expensive and, we believe these proposed increases are excessive and to be honest with the commission, outrageous. In addition, we have just learned that there is another proposal facing us for a proposed 82% increase in our water rates reference docket #W-01303A-10-0448. Again, I feel this to be excessive and unconscionable. We as customers should not be penalized for the untimely construction, poor planning and terrible management decisions by the Arizona American Water Company. We are against any unreasonable monthly increase in our water bills and absolutely against the deconsolidation. Your attention to this matter is greatly appreciated, sincerely Richard A. Frchette
