Re: Docket No. E-01750A-10-0453

Dear Mr. Carlson:

I am writing to you to formally request that you or Mohave Electric Cooperative, Inc.'s ("MEC") custodian of records docket in the above captioned matter on or before November 7, 2011, true and correct copies of the designated matters described in the following paragraph:

*Any and all documents, electronic documents, data or information in MEC's possession pertaining to the above captioned docket including all matters that are in anyway related to the proposed Waste-to-Energy Facility project referred to in MEC's application in this case. "Document" means any written, printed, typed, recorded, graphic or pictorial matter, including but not limited to drawings, schematics, photographs, plans, specifications and diagrams. Further, without limitation "Document" includes electronic documents, correspondence, letters, email, memoranda, drafts, notes, accounting and financial records, estimates, calculations, agreements both formal and informal, contracts, invoices, purchase orders, work papers, diaries, calendars, reports, publications, and website postings.*

I am requesting the above designated matters because in my view, they are essential and necessary for my review and future full consideration of this docket as a Commissioner. To ensure that true and correct copies of all of designated documents requested in this letter are timely docketed, please file a certification so stating when the matters are docketed. However, duplicates of matters that have already been docketed do not need to be filed again. Also, I note that I have chosen to make this request by letter with the expectation of MEC's timely compliance. Please docket a response upon your receipt of this letter if MEC is not intending to timely comply with this request, so that I may consider proceeding under a subpoena if necessary.

Sincerely,

[Signature: Paul Newman]

Paul Newman  
Commissioner
