Dear Chairman Pierce,

RE: Tucson Electric Power Company's Application for Approval of its 2011-2012 Energy Efficiency Implementation Plan, E-~~09133A~~-11-0055

01933A

Pima County Interfaith Council Green Economic Team, representing over 40 faith-based organizations, has been meeting with officers of Tucson Electric Power to discuss the effects of the Arizona Corporation Commission and TEP policies on our local families. We respectfully request that the Commission schedule the Open Meeting on TEP's 2011-2012 Energy Efficiency Implementation Plan in Tucson rather than Phoenix.

Having the Open Meeting in Tucson, in the territory that TEP serves, would give our members and all TEP customers an opportunity to comment on the proposed energy efficiency programs and have their voices heard. The energy efficiency programs represent a very important service to families in Pima County, and all TEP customers pay for them through our utility bills. We need an opportunity to comment on the proposed programs by addressing the Commission directly.

We understand that the Open Meeting may be taking place in the near future, and we are looking forward to it. If you require additional information, please call PCIC leader Andrea Robson at 520-323-0908.

Sincerely,

PCIC Faith Leaders for a Green Economy
