**Re: 2011 REST Implementation Plan: Update on 2011 Up-Front
Incentive Budget; Docket No. E-01933A-10-0266.**

To Whom It May Concern:

Tucson Electric Power Company ("TEP") is submitting this letter to update the Arizona Corporation Commission ("Commission") on the status of its modified Up-Front Incentive ("UFI") and related budget that was approved by the Commission on October 18, 2011, in Decision No. 72640 ("Decision"). In that Decision, the Commission added \$564,500 to the Distributed Generation ("DG") commercial and residential UFI budget and decreased the DG UFI incentive to \$0.75/watt.

On Friday, October 21, 2011, TEP reopened the UFI program and began accepting applications. As of Tuesday afternoon, October 25, 2011, TEP had received enough applications to effectively reserve all of the \$564,500 that was approved by the Commission in the Decision. At such time, as per the Decision, TEP began accepting DG UFI applications that will be placed on a waiting list for 2012 funds at the yet-to-be-determined rate for 2012. Additionally, TEP sent notice to solar installers, as well as notified Commission Staff.

The breakdown of the reservations that were received over the two and one-half days that the UFI Program was reopened is as follows:

Reservation Tracking as of 10/25/2011	
Number of Application	
Residential PV:	67
Commercial PV:	0
Residential Solar H20:	31
Commercial Solar H20:	2
Total:	100
Number of Leases	
Residential PV:	60
Commercial PV:	0
Total:	60
Total Dollar Amount Reserved	
Residential PV:	\$ 377,613
Commercial PV:	\$ 0.00
Residential Solar H20:	\$ 45,711
Commercial Solar H20:	\$ 80,846.00
Total:	\$504,170.00

It should be noted that of the 7 residential reservations that were not leases, only 2 were customer purchased systems. The remaining 5 reservations were for homebuilders.

Please do not hesitate to contact me if you have questions.

Sincerely,

Carmine Tilghman
Director, Renewable Energy Resources
