DOCKETED BY

INSERT New Finding of Fact:

"23. On October 14, 2011, the Home Builders Association of Central Arizona ("HBACA") docketed proposed language to clarify when the time clock start with respect to the refund period for refundable advances for projects initiated under Version 12 of Service Schedule 3. The revision sought by HBACA would start the time clock for the refund eligibility period three months after execution of the line extension agreement. APS supports HBACA's request and no parties oppose it. Therefore, we will revise the following Sections as follows:

"2.2.5. The refundable advance will be eligible for refund based on a "per lot" allowance of \$3,500 for each Permanently connected residential customer over a five (5) year period. Refunds of refundable advances shall be governed by Section 5. The refund eligibility period shall be five (5) years *which will start three (3) months* from the date Company executes the Line Extension Agreement with the applicant. A review of the project will be conducted annually to determine subdivision buildout, and if the qualifications have been met for any refunds.

"2.5.5. The refundable advance will be eligible for refund based on a "per unit" allowance of \$1,000 for each new meter installed over a five (5) year period. Refunds of refundable advances shall be governed by Section 5. The refund eligibility period shall be five (5) years *which will start three (3) months* from the date Company executes the Line Extension Agreement. A review of the project will be conducted annually to determine buildout and if the qualifications have been met for any refunds.

"5.1.3. The refund eligibility period shall be five (5) years *which will start three (3) months* from the date Company executes the Line Extension Agreement with the applicant. Any un-refunded advance balance shall become a non-refundable contribution in aid of construction five (5) years *and three months* from the Execution Date of the agreement."

Conforming changes.
