RE: Consumer Comment - Docket No. E-01345A-10-0474

Dear Commissioners:

This letter expresses my support for the Arizona Public Service Company (APS) to purchase the Southern California Edison's shares of Units 4 and 5 of the Four Corners Power Plant in Northwest New Mexico.

As a State House of Representative in District 4, I know the history behind the power plant located in the four corners region of the United States. This power plant is the economic engine for New Mexico, the Navajo Nation, and the greater southwest area of the U.S. It is imperative for APS to purchase additional shares of the plant. I am expressing your support to make this happen.

Sincerely,

Ray Begaye  
State Representative  
House District 4 in San Juan County
