DOCKETED BY

IN THE MATTER OF THE JOINT APPLICATION OF: (1) FRANCISCO GRANDE UTILITY COMPANY, AN ARIZONA CORPORATION, TO TRANSFER A PORTION OF ITS EXISTING CERTIFICATE OF CONVENIENCE AND NECESSITY TO ARIZONA WATER COMPANY, AN ARIZONA CORPORATION; AND (2) ARIZONA WATER COMPANY, AN ARIZONA CORPORATION, TO INCLUDE CERTIFICATED AREA TO BE TRANSFERRED BY FRANCISCO GRANDE UTILITY COMPANY IN ARIZONA WATER COMPANY'S CASA GRANDE CERTIFICATE OF CONVENIENCE AND NECESSITY

DOCKET NO. W-01445A-05-0700

DOCKET NO. W-01775A-05-0700

REQUEST FOR ADDITIONAL TIME FOR COMPLIANCE FILING

Decision No. 68654, which was entered in this docket on April 12, 2006 (the "Decision"), directed Arizona Water Company (the "Company"), the applicant in this docket, to file certain items as a compliance filing within certain time frames provided in the Decision. A factual background/compliance timeline is as follows:

1. The Decision approved a joint application of the Company and Francisco Grande Utility Company ("Francisco Grande") to transfer the areas described in Exhibit A to the Decision from Francisco Grande's water Certificate of Convenience and Necessity ("CCN") to the Company and to include the same areas in the Company's CCN. The Company was required to file copies of the developers' Certificate of Assured Water Supply ("CAWS") where applicable or when required by statute, a copy of the Arizona Department of Environmental Quality's Approval to Construct ("ATC") facilities to serve the transfer areas and a notice of filing that the Company has submitted for Staff's review and approval a fully executed main

1 extension agreement ("MXA") for water facilities for the transfer areas within two years of the  
2 effective date of the Decision.

3 2. On May 3, 2010 the Commission entered Decision No. 71688, extending to April  
4 12, 2012 the deadline for the Company to comply with the foregoing conditions of Decision.

5 The Company is now requesting an extension of the current compliance deadline to  
6 April 12, 2014. In support of its request, the Company respectfully represents as follows:

7 1. A map of the extension area is attached hereto as Attachment 1.

8 2. The Company has obtained the ATC required by the Decision; the ATC is  
9 attached hereto as Attachment 2.

10 3. The deep recession and real estate crash over the past several years (essentially  
11 the entire time that the Decision has been in effect) are extraordinary circumstances which have  
12 not been seen since the Great Depression. The severe economic downturn that has battered the  
13 Arizona real estate market persists, and continues to delay the development of residential and  
14 mixed-use development in Arizona, including Pinal County. Therefore although the Company  
15 expects to serve customers in the expansion areas within the next few years (see paragraph 6,  
16 below), no one, including housing experts and economists, can say for sure when the real estate  
17 market will see a recovery of any significance.

18 4. The Commission's Staff itself recently observed, in evaluating a developer's  
19 request for additional compliance time in another case (*See* Decision No. 71861, docketed  
20 September 1, 2010, Finding of Fact No. 14, page 3), that "...the downturn in the economy has  
21 put a damper on much of the development in this state".

22 5. The Department of Water Resources ("DWR") has approved (copy attached  
23 hereto as Attachment 3) a physical availability determination ("PAD") for the Company's Pinal  
24 Valley System, which covers the entire expansion area. The PAD is an important precursor to,  
25 and a necessary requirement for obtaining a CAWS. Therefore, the Company submits that the  
26 PAD, and DWR's approval of it, is sufficient compliance with the CAWS condition of the  
27 Decision, in connection with the other information that the Company is submitting in support of  
28 its request for additional compliance time.

1 RESPECTFULLY SUBMITTED this 9<sup>th</sup> day of December, 2011.

With regard to water quality for the purpose of A.A.C. R12-15-719(A), the provider you select must be regulated by the Arizona Department of Environmental Quality. With regard to water quality for the purpose of A.A.C. R12-15-719(B), the study area is not located within one mile of any known WQARF or Superfund site.

The results of the Department's review fulfill the requirements of R12-15-702(C) and may be cited in applications for determinations of assured water supply. Those applications have certain additional requirements based on the assured water supply criteria referenced in A.R.S. § 45-576 and A.A.C. R12-15-701, et seq. For further information on those requirements, please contact the Office of Assured and Adequate Water Supply at (602) 771-8599.

As with all Physical Availability Determinations issued by the Department, changes in conditions or the accuracy of assumptions and information used in demonstrating physical availability may affect the validity of this determination. Changes in the number or locations of wells may impact applicability of this determination to future applications for determinations of assured water supply.

If you have any questions regarding this Physical Availability Determination, please contact the Office of Assured & Adequate Water Supply at (602) 771-8599.

Sincerely,

Sandra Fabritz Whitney
